

Berkhamsted Access Committee 29th August 2008

The recent quarterly meeting took place on Friday 29th August in the Civic Centre and the usual culprits attended (including myself).

The long campaigned for public lift in Smiths is in the last throws of being installed, improved access to Bakers Alley from the Water Lane car park is imminent and HSBC is still hoping to resolve their little access problem.

Our concerns over the loss of some disabled parking at the Lower Kings Road car park will be resolved when the car park is re-organised shortly.

Remember, this is intended to help access for Berkhamsted disabled and elderly residents (or their relatives) and you are welcome to attend our next meeting on the 12th December.

Minutes of latest meeting on the [berko.org.uk](http://berko.org.uk) web site or get in touch for a copy/more information.
